Re: Reclamation of plant site at Asphalt Ridge, Utah
Confirmation of phone conversation of 1/14/86

Dear Randy:

Sohio has completed all reclamation proposed to the state in correspondence addressed to James W. Smith (1/9/85). Additional work suggested by the Division staff in a meeting following their site inspection this summer has also been completed. The revegetation will be monitored so any fill-in seeding can be done if necessary.

The Arizona Fuels Corporation may be released from their bond commitment and a reduced bond issued to The Standard Oil Company. Please refer the bonding company to me at the following location:
